

INTRODUCTION TO C2FO

One Platform. Many Dynamic Capital Solutions.

With a network that matches payables and receivables for more than one million companies, C2FO is the world's leading market for working capital solutions. Our leading-edge technology and full suite of alternative finance products can provide you and your trading partners greater flexibility and control over working capital.

Working Capital. Working for Everyone.

More working capital options that work for everyone.

The C2FO platform is designed to provide better, faster working capital solutions for global organizations and their supply chain partners. Here are the advantages:

ONE PLATFORM

A single, cloud-based platform providing seamless collaboration among companies and their trading partners.

GLOBAL MARKETPLACE

A worldwide network of more than one million businesses meeting their capital goals together.

FAST, EFFICIENT FUNDING

Capital is quickly and smoothly funded from your balance sheet or C2FO's funding network.

TRUSTED FINANCE PARTNER

Dedicated account professionals delivering outstanding service with leading technology that ensures optimal working capital solutions and the best collaboration with trading partners.

THE C2FO PLATFORM ENABLES YOU TO:

- Improve your cash flow and net profit on-demand.
- Optimise key working capital levers to benefit your company, suppliers and customers.
- Facilitate payments from your balance sheet or C2FO's funding network.
- Optimise the strategic impact of working capital.
- Empower trading partners through dynamic pricing on payables and receivables.
- Strengthen your supply chain while supporting fair gross margins.

C2FO BY THE NUMBERS

A few reasons why companies worldwide trust C2FO to improve working capital performance:

Funded more than \$110 BILLION in working capital to date.

FORTUNE 500 companies partner with C2FO worldwide.

Transactions in over 38 CURRENCIES across more than 180 countries.

Average 4.7 MONTH payback period on C2FO programme
